

LANDLORD ADVICE

We understand you will be finding it a worrying time at present. Pro Services want to reassure our Landlords that we are here to support you.

You may have seen the [announcements](#) from Government on how landlords and tenants will be supported during the Coronavirus pandemic. We are still waiting for further detail, but we are here to help you.

We are writing to all tenants asking them to keep lines of communication open with us should they face difficulties paying their rent and advising them of the need to claim Statutory Sick Pay and Universal Credit if they are eligible.

We will liaise with the tenant should they be unable to meet rental payments on your behalf and will provide our expertise to help you get through this national emergency.

For now, adhering to government guidelines on preventing the spread of infection, we won't be attending any routine property inspections, and our office will be closed, but you can still get in touch via email

lettings@pro-services.co.uk

As always, if you have an emergency please email us on

emergency@pro-services.co.uk

Thank you for working with us during this difficult time.

Kind Regards

P A Coopey
